Author Bio:

Mark Hewitt, DBA, is a true crime author who travels the world in his quest for intriguing, unanswered questions and enduring mysteries. He is the editor-in-chief of Radians & Inches: In Search of the Zodiac, a journal dedicated to identifying the Zodiac serial killer. With California inmate Guillermo Mendez, he is the co-author of *Charles Manson Behind Bars*, the first Manson book from the “inside.” Mark has been interviewed by, and featured through: WOR 710 (the largest talk radio station in New York City), Fox40 in Sacramento, the Santa Rosa Press Democrat, LiveSciFi.com, Paranormal Zone TV, and the Globe, among other news outlets. He resides in northern California where he researches and writes about true crime cases.

The Zodiac Serial Killer – Book 2

The Search Continues....

Following up on the meticulously-detailed research of *HUNTED: The Zodiac Murders* (Book 1), *PROFILED: The Zodiac Examined* (Book 2) goes beyond the case files to develop a comprehensive criminal profile that examines the personality, psychology, physical characteristics, and motives of the Zodiac. Based in the same detailed research of *HUNTED*, *PROFILED* sticks to the facts and articulates at every step how the conclusions of the profile were reached.

At the time the Zodiac was committing his crimes, the term “serial killer” had not yet been coined, and psychological profiles were practically unknown. Now, using 21st century crime analytics and a sophisticated understanding of serial killers, it is possible to create a comprehensive profile that may help identify the kind of man who could commit these terrible crimes and get away with it for decades, despite an overabundance of evidence that should have pointed directly to him.

Join the search for the killer as the evidence is compiled and analyzed in *PROFILED: The Zodiac Examined*.

Praise for *PROFILED: The Zodiac Examined*

[PROFILED] details the evidence and compiles all released facts about the case. Hewitt also explains in a clear, concise manner why certain myths, such as a partner, do not fit. [Hewitt] also goes into detail about what can and cannot be believed in Zodiac’s claims in the communications. A must read for anyone with a real interest in the case.
